### Free Your System of Rheumatism

The Only Sure Way is to Doctor the Blood and Kidneys-Use

Rheuma.

If you are suffering from rheumatism, no matter in what form, get rid of it by doctoring the blood and kidneys. This gets it out of your system. Get a bottle of Rheuma of Lee & Osgoed Co. or any druggist. This standard remedy gets into the blood and drives out the poison, whether it is uric acid or other sediment. It dissolves the poison and passes it along in the blood to the bowels and kidneys, which quickly throw it off.

Judge John Barhorst, Fort Loramie, Ohio, says: 'I have been cured of a very bad case of rheumatism by using two bottles of Rheuma. M is now two years since I used the remedy, and I am still as well as ever. Before that I was a cripple, walking with crutches.''
Use genuine Rheuma only—always in liquid form—look for the trademark.

Lame backs and bruised bodies feel fine after rubbing with Rheuma Liniment. For proof try a 50-cent bottle.
